**Hubungan Tingkat Pengetahuan Dengan Kepatuhan Masyarakat Tentang
Penggunaan Masker Pada Masa Pandemi Covid-19 Di Kecamatan Siak**

xiii + 69 Halaman + 6 Tabel + 2 Bagan + 12 Lampiran

ABSTRAK

Covid-19 adalah penyakit yang disebabkan oleh corona virus yang menjadikan pandemi diseluruh Negara terutama Indonesia. *Covid-19* telah dinyatakan sebagai Global Pandemi oleh WHO sejak bulan maret 2020. Penyakit *covid-19* dapat dicegah diantaranya yaitu dengan pengetahuan dan kepatuhan masyarakat dalam penggunaan masker sebagai upaya pencegahan penyakit *covid-19*. Tujuan penelitian ini untuk mengetahui hubungan pengetahuan masyarakat dengan kepatuhan penggunaan masker sebagai upaya pencegahan penyakit *covid-19* di Kecamatan Siak. Penelitian ini dilakukan menggunakan desain studi korelasi dan pendekatan *cross sectional*. Lokasi penelitian dilakukan pada masyarakat yang ada di wilayah Kecamatan Siak. Populasi dan sampel masyarakat diambil secara acak dengan menggunakan penelitian *Accidental Sampling* yaitu sebanyak 100 responden. Instrumen penelitian menggunakan kuesioner dan pedoman observasi. Analisis data kuantitatif menggunakan hubungan *Chi-Square*. Hasil penelitian ini dari 100 responden berdasarkan hasil uji *Chi-Square* diperoleh $p\text{ value } 0,000 < \alpha (0,05)$ maka H_0 ditolak sehingga dapat disimpulkan ada hubungan yang signifikan antara hubungan tingkat pengetahuan dengan kepatuhan masyarakat tentang penggunaan masker pada masa pandemi *covid-19* di Kecamatan Siak. Penelitian ini direkomendasikan kepada petugas kesehatan untuk dapat memberikan pendidikan tentang pengetahuan pentingnya penggunaan masker guna mencegah dan menghindari resiko penyakit *covid-19*.
